Chapter 1: How You Approach Life and How You Appear To Others

Virgo Rising:

Modest, unobtrusive, and often rather quiet or shy, you are a person who is content to be in the background or to serve as an assistant, in the supporting role rather than in the lead. You are quite humble in your own assessment of yourself and you have a very strong perfectionistic attitude, with a tendency to be overly self-critical. No matter how well you do something, you always see the flaws in it and how it could be improved. Often you will simply refuse to attempt something because you feel you cannot meet your own high standards.

You have an eye for detail and get upset when something is not done just so, usually something others consider rather inconsequential or trivial. You are hard to please and your relationships with others may suffer because of this. You also have refined sensitivities and are very discriminating and particular in your choice of foods, clothes, friends, artwork, etc. Order in your environment is very important to you.

You step into situations rather cautiously, and not without realistically assessing all of the risks and potential advantages involved. Unless something is a safe bet, you are unlikely to dive into it. You tend to underestimate your own capacities and to lack confidence and trust in life, which inhibits your spontaneity. Worrying is a bad habit of yours. On the other hand, you rarely fall flat on your face and what you do, you do very well.

Others see you as a self-sufficient and rather self-contained person. You have a strong sense of propriety. Politeness, good manners, and correct behavior are important to you. Your clear, cool, objective and nonemotional attitude is apparent to others first, and though you are really quite helpful and caring, you do not radiate much sympathy so that others may not see the helpful side as readily. You may seem more businesslike and factual, and also more conservative, than you really are at heart. You are the person others might go to for technical advice or an unbiased opinion, but not for emotional support.

You are keenly observant, intelligent, and have a great desire for learning and for self-improvement, but you are not especially ambitious and are often satisfied in a rather simple, unglamorous position in life.

Chapter 2: The Inner You: Your Real Motivation

Sun in Leo:

Proud and intensely individual, you really want to stand out, to be the very best you can be, and to be recognized and appreciated for your unique contributions. Doing something well and being respected for

it is extremely important to you, and you cannot tolerate being in the background, taking orders from others, or being "just one of the team". You must put your personal stamp on whatever you do, and direct your own course in life. You need to have a place where you can shine, express yourself creatively, and be the one in charge.

You have big dreams and the determination, spirit, vitality, and enthusiasm to bring them into being. You also have a noble, romantic heart, and a love of the dramatic, colorful, and extravagant.

For you it is true that "all the world's a stage" and you secretly (or perhaps not so secretly) desire to be the Star or Hero in the play. You want to be great, and to receive the love and applause of an adoring audience, even if the "audience" is just one other special person. You need someone to believe in you and your dreams. Though you appear radiantly self-confident and independent, you are actually very much dependent on the affirmation, love, and recognition of others. You cannot bear being unnoticed or unappreciated.

You also love wholeheartedly and generously and really know how to make the person you love feel special. You love the magic of "being in love" and know how to keep the romance alive in your relationships. You are also immensely loyal and will defend your loved ones and stand by them to the end - as long as they never offend your pride or betray your trust. However, you like to be the strong one in a relationship and you really do not share the leading role very easily. Ideally you need to find a person who is as strong-willed as yourself, but who will not try to dominate or compete with you.

Your strengths are your zest and love for life, your creative power, and your warm and generous heart. Your primary fault is your tendency to be very egocentric, so concerned with the impression you are making and with your own creative self-expression that you forget there is another, larger world that does not revolve around you.

Sun in 12th house:

You tend to get involved in the helping professions or in activities where your efforts are hidden, behind the scenes, unacknowledged, or unknown to the public. Asserting yourself or getting up in front of an audience may be exceedingly uncomfortable for you.

Sun Sextile Jupiter:

You have big aspirations but do not struggle or labor to achieve them. Your self-confidence and inner harmony attract success and benefits to you in an almost magical way. Your optimism and cheerful generosity also win you many allies and successes in life.

Chapter 3: Mental Interests and Abilities

Mercury in Cancer:

You are highly interested in inner, subjective, and personal issues, and your thinking is based more on feelings, intuition, personal experiences, and prejudices rather than reason or logic. Intellectual abilities and accomplishments without heart or soul mean little to you. You are empathic and would be an excellent counselor, for you are a sensitive listener and deeply interested in a person's feelings and inner life. In addition to psychology, you are drawn to education, art, poetry, music, or mythology. You are not

especially confident about speaking in public, but will open up and share your thoughts in small, intimate groups. You enjoy keeping a diary or personal journal and reading the chronicles of others' lives and personal development.

Mercury in 11th house:

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

Mercury Conjunction Saturn:

Your mind is serious and deep, and you will rarely offer an opinion on any matter until you have thoroughly considered and studied it. You have excellent powers of concentration and enjoy studying or thinking deeply in solitude. You have an aptitude for research or doing mental work which requires precise, organized thinking, attention to detail, and a methodical approach. You are conservative and something of a skeptic, and may be narrow-minded and closed to new ideas, especially if there is no concrete proof or scientific verification of them. Socially, you are rather reserved, uncommunicative, and uncomfortable with light, frivolous conversation.

Mercury Conjunction Pluto:

Suspicious that appearances are superficial and masking the "real nitty-gritty", you are always probing beneath the surface to uncover the deeper, hidden aspects of a matter. You are interested in anything secret or mysterious. You have great powers of concentration and a penetrating mind, with an aptitude for research, investigative reporting, or detective work. You are also keenly observant and seem to have "x-ray vision" regarding the inner motivations and intentions of other people. You could make an excellent psychotherapist, uncovering the deeper causes and roots of a person's emotional problems. You may also be drawn to esoteric or occult studies and the development of unusual mental powers. Stories of mystery, intrigue, espionage, etc. fascinate you.

Mercury Sextile Venus:

You appreciate aesthetics and have a fine sense of form, design, and beauty. You could develop great technical skill as an artist, designer, craftsman, or creative writer. You could also sell objects of beauty - artistic products, cosmetics, jewelry, etc.

You have the ability to please and harmonize well with others and have a talent for assuaging strain in the relationship of two other people. Your sense of humor, tact, and personal charm are a great benefit to you in any work with people on a one-to-one level.

Mercury Sextile Mars:

You speak clearly, decisively, and convincingly, and thoroughly enjoy a vigorous discussion or debate. You would be an effective lawyer or public speaker, a salesman of ideas. Others tend to listen to you and follow your lead, and you have a talent for directing people and making decisions. You also have an aptitude for writing, especially criticism or satire.

Mercury Sextile Neptune:

You are open and receptive to subjects which defy rational explanation, such as psychic phenomena,

mental telepathy, metaphysics, etc., and you could teach these subjects to others. Your mind is imaginative and inspired and you have an aptitude for art and creative writing.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Aries:

Emotional outbursts are frequent with you due to your fiery temper and emotional impulsiveness. You express yourself very directly and honestly and no one has to guess what your true feelings are. However, you dislike showing any personal weaknesses or needs for support, comfort, and nurturing. You are often impatient with yourself and with others. You abhor emotional dependency and dislike "complainers".

You inspire others to take positive action in their lives by your own enthusiasm and eagerness to meet life's challenges, and are attracted to people who are adventurous, courageous, and independent. You are rather bossy, but you do not like to be with people that you can boss around too much. You enjoy a good fight sometimes. Relationships built upon mutual respect and a good deal of emotional freedom are ideal for you.

You become very cross if you do not have enough vigorous physical activity. You will feel your best if you "do battle" on the tennis or racquetball court (or engage in some other competitive sport) frequently.

Moon in 8th house:

Though you want closeness very much, you often close yourself off and do not really trust others who may wish to get to know you. You are very wholehearted in your feelings and responses to people, and you want all or nothing from the people you care for.

Venus in Virgo:

You are quietly devoted and faithful to your loved ones, and often become a kind of servant to your love partner. You are more comfortable showing love for someone by doing something for them, making something for them, or simply being there for them - rather than telling them so in a romantic, soul-stirring sort of way. You are timid about expressing too much sentiment or emotion. You also underestimate your attractiveness and lovability and doubt your own worthiness to receive love and appreciation.

Venus in 1st house:

You are very much aware of your personal appearance, attractiveness, and charm, and you can be rather narcissistic. On the other hand, you are concerned with getting along with others and you have a pleasing, agreeable manner that people find quite appealing. You use tact or charm to get what you want rather than intense effort or force. Your desire for love and affection colors everything you do.

Venus Conjunction Mars:

You are extremely amorous and it is difficult for you to go without a romantic involvement for very

long. When you are attracted to someone, you pursue them very ardently and sometimes come on too strong. Doing creative work or artistic work can also satisfy the very strong desire for love and beauty that you feel.

Venus Conjunct Neptune:

You are very romantic, idealistic, and imaginative about love. You yearn for your "true love" or "soul mate" and may become disappointed in others who never quite live up to your dream image of the perfect lover. You frequently fantasize about love and often fall in love with someone you can only love from afar. You may avoid making a definite personal commitment. Gentle and sensitive, you do not like to be approached in a very direct or aggressive manner. You are attracted to those with artistic or mystical inclinations.

Venus Sextile Pluto:

You love deeply, passionately, and wholeheartedly, and others may find your intensity either extremely attractive or threatening. You are charismatic and can have a powerful emotional influence on others, especially those of the opposite sex. You may use your attractiveness to manipulate others, sometimes without even realizing it.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Virgo:

You are a perfectionist and have high standards for your own work. You often feel that if you want something done right you must do it yourself, for others do not do as thorough a job as you do. Doing a task well is very important to you, and you may labor over minute details that others wouldn't bother with. You strive for accuracy, efficiency, and precision, and you become very irritable when things are not done "right".

On the other hand, you can become so much of a perfectionist and so self-critical that you will not even attempt many activities and projects, feeling that your efforts simply won't be good enough. You are usually modest and realistic in assessing what you can accomplish and, if anything, you underestimate yourself. Of course, practice makes perfect, and if you do apply yourself diligently in some area, you gradually gain self-confidence as you master skills and develop expertise.

You conserve your energy and pace yourself so that you do not waste or diffuse your efforts. An unwillingness to take risks or venture from the beaten track can sometimes limit your opportunities. In short, you may not aim high enough and settle for too little in life.

Mars in 1st house:

You are a doer and an achiever. Energetic, courageous, and often impatient, you will forge ahead with your plans regardless of others' reservations. In fact, you often feel other people get in your way and you prefer working on your own. You are active, assertive, and rather competitive as well.

Mars Conjunct Neptune:

You have a very active and fertile imagination and your ambitions are never strictly mundane, practical, and concrete. You have a strong desire to act out your fantasies, dreams, visions, and ideals. Artistic creation, drama, or other areas in which you can express yourself imaginatively are excellent for you. Ordinary life seems drab and uninteresting to you, and you need to have some big dream or something larger than your own narrow personal interests to live for. Sometimes you may be confused about exactly how and where to direct your energy and often drift along rather than making clear decisions about what you want. You have a passive side and at times lack the will power, physical energy, strength, and the fighting spirit to achieve your aims.

Chapter 6: Other Influences

Jupiter in Libra:

Your strengths lie in your ability to cooperate, to be diplomatic, and to know just what behavior is called for in whatever social situation you find yourself. You also possess a strong sense of fairness, the willingness to listen to opposing viewpoints and opinions, and the ability to be (or at least seem to be) impartial and moderate, rather than extreme and one-sided.

Jupiter in 2nd house:

Wealth, material well-being, and prosperity are very important to you, and you would never choose a profession that didn't offer you great promise and opportunity for growth (financial and otherwise).

You are very generous and sometimes careless with money; you don't want to hold on to it, you want to enjoy it and use it to enrich your life. Whatever you do with your money, you do in a big way - making it, spending it, or blowing it! You may accumulate elegant, high quality things (art, jewelry, etc).

Jupiter Trine Uranus:

You have a knack for bringing new ideas and plans into fruition with less difficulty than others. Your positive, enthusiastic attitude attracts helpful situations and opportunities to you.

Saturn in Cancer:

You fear becoming emotionally dependent upon others, and may distance yourself or deny your needs for closeness and intimacy so that you won't be vulnerable to rejection or abandonment. On the other hand, you may cling excessively or need constant reassurance from loved ones and family. Developing a deep, inner sense of security, as well as the ability to give and receive nurturing are important tasks for you.

Saturn in 11th house:

You are generally not a "joiner" and do not feel comfortable in clubs, organizations or other groups of people that are centered around some common ideal or interest. If you do participate in a group, you may find the rules and procedures restrictive - or you may simply feel that you do not fit in with the others.

Being alone or with older, more experienced people suits you better than being with groups of your

own peers.

Uranus in Taurus:

You are part of a 7 year group of people who are very progressive in business and practical matters, and implement scientific ideas in practical ways to make life more comfortable. Home appliances, for example, were improved and marketed by your age group to a much greater degree than was previously done.

Your age group is also rather sensual and romantic, and is uninhibited in expressing romantic feelings. Your age group rebelled against repressive attitudes towards sexuality, and promoted overt expression of sexuality in movies, music, etc.

Uranus in 9th house:

You are unconventional, even iconoclastic, in your attitude toward religion, philosophy, and politics. You tend to see traditional religion as restrictive, meaningless ritual with little to offer you, and you're eager to experiment with other, alternative pathways. You have lots of creative, innovative ideas and you often feel that others are unwilling to take risks and venture out of their deeply ingrained perspectives and views.

Neptune in Virgo:

You are part of a 14 year group of people who are conservative and moderate in spiritual aspirations. Your age group tends to avoid speculation on metaphysical matters, and interest in psychic phenomena is considered very strange and weird by your age group. There is also a strong sense of right and wrong, and religious practices tend to emphasize ethics and moral judgment. The conservative, straight-laced atmosphere generated by your age group is frustrating to more imaginative types, who consequently rebelled against it.

Neptune in 1st house:

You are yielding, gentle, and impressionable. You tend to "melt" into your surroundings, and do not make a very powerful, vivid impression on others. Especially while young, you may not have a very clear sense of identity.

Sensitive and compassionate, you do not enjoy fighting and no matter what you profess, you are a pacifist at heart.

Pluto in Cancer:

You are part of a 25 year group of people who have strong feelings for home and country. You are a sentimental group, and feel deeply attached to your family and your country. You cling to the familiar, are distrustful and fearful of different cultures, and consequently a great deal of racial and ethnic prejudice is common among your age group.

Your need for closeness and togetherness runs very deep and causes you to bond closely to family members and old friends, and also makes you prone to be involved in mass movements and group activities because they feed your largely subconscious need for acceptance and support by others. Unfortunately, your age group is easily carried away by a group frenzy and many of you often lack the integrity or courage to think and act in an independent and rational way.

Your generation is very emotional and tenderhearted. Many of your group sacrificed a great deal to help your children or other family members, while other generations are unwilling to give as much as you have. Your tender feelings and regard for the well-being of others can spur your age group to make contributions towards the feeding of the hungry, care for the neglected, and support for the needy, particularly children and mothers. You are a group of people with a strong heart and a helpful hand. Many of you have parents and/or children who are not nearly as supportive and helpful; many of your contributions are not completely appreciated or even go unnoticed.

Pluto in 11th house:

You may have a deep aversion to groups, associations, clubs, or organizations of any kind. Any such group you become involved in is likely to be either for intense personal growth, change, and healing, or centered around social change and revising society in some manner.
