Introduction

This astrological forecast report is based on an astrological technique known as solar returns. The influences begin approximately on your birthday and last until the following birthday.

Your Solar Return Forecast Report begins on August 19, 2014.

Zodiac Signs on the Ascendant and MC, and the Ascendant Ruler

The zodiac signs on the Ascendant and MC, and the house position of the Ascendant ruler at the time of the solar return are described below. Your social and career opportunities for the coming year are influenced by these signs and house placement.

Solar Return Ascendant Capricorn :

**TAKE MORE RESPONSIBILITY FOR YOUR LIFE
NOW IS THE TIME FOR DO-IT-YOURSELF PROJECTS**

Money, your standing in the community and business matters become very important this year. You may appear cold to others but you will discipline your life to specific goals, and some of the veneer that has built up needs time to wear down some. Just the same be aware of your cool and fault finding sides and learn to modify it for your own good.

Your approach to your surroundings are careful, cautious, conservative, self-restricted, and realistic. You are not known for taking risks or chances which will leave you on the short end of the stick. Spontaneous actions are not a part of your personality this year because you carefully plan each action and activity. People will find you doing the same things at the same time everyday, with an appointment calendar that is full and very well organized to gain full benefit of your precious time.

In business you can be very clever and intelligent making careful choices and overworking to the point of fatigue. Asking others for their help does not fall within your realm of reality unless absolutely necessary and even then with the greatest reluctance. You work diligently to your goals of acquiring a position of responsibility and high office.

People will see you as very serious, having no sense of humor, yet quiet and always in a state of contemplation. Gushy expressions of feelings don't register on the internal scale for you now. You work so hard on building the outer self to deal with life, that you may lose some of the endearing qualities that make up life.

This year you will be much more energetic and success and goal oriented. You may be involved with the responsibilities and positions of authority over others now. The material world and all it offers becomes important especially from a standpoint of security. Your mannerisms will be much more formal with all of the rules of social conduct that accompanies it. Capricorn is ruled by Saturn, planet of structure, restriction and longevity. Behavior can either be self indulgent in the physical department or self

denial this year. It will seem that during this time there are choices to be made, the right one coming with hard work before success can come. Weight losses are possible now through abstaining rather than gorging. Skin is more sensitive, bones can be somewhat brittle and vulnerable as well as dental complaints.

You are not cheap this year, you just believe in conserving when it comes to the almighty dollar, and never let it get very far from your bank account. What you do spend on is items that will last a long time or secure investments. Look to the house where SATURN is to see where you are apt to be much more serious and responsible.

Ascendant is in Sagittarius, Leo Decanate

Ruled by the Sun, you are kind and generous and can be of great benefit to society. You are more intuitive and can inspire others with your profound insights. You have a talent for coming up with unique ideas and you are enthusiastic in all that you do. One danger with this configuration is being a bit too bold and brave, you can use a dose of reality pumped in from time to time to keep you on track and down to earth.

Ruler of Ascendant in 10th house

With the Solar Ascendant Ruler in the Solar 10th house, this is where you look to create who you are in life through your career, how other people identify who you are, your status in life and the accomplishments you make this year.

Solar Return MC Libra:

Since this is the most "visible" part of the solar chart, it represents how you are actually seen in the world by others. It represents your more outward or public face and where you are likely to encounter success, and your reputation in the world. Your goals will require peace and harmony away from the maddening crowds. You will have a flair for artistic and creative projects and can talk up a storm. Legal careers are a nice compliment to your temperaments, with the ability to see both sides of situations while remaining unbiased. Since you have a wonderful sense of color, decorating, painting, drawing or any field that allows you to match patterns with your surroundings. Diplomacy is a natural state of mind as well, and you are endowed with good reasoning abilities and a tolerant nature.

With Libra on the Midheaven, you will attract attention to yourself through talents that you have, any social status, changes in physical appearance or just because you like the spotlight on you. The negative side of Libra here would be antisocial behavior towards people in authority or father figures.

Relationships that are not harmonious with a sense of cooperation and above all becoming friends can really mess up your internal wiring. Approval and recognition for work well done are a necessity for balancing your life. You are a natural at giving of yourself and when unappreciated you wilt like a flower that has been stepped on.

Marriage is very important to you, but you must look before you leap into it because you have the tendency to marry very quickly, and suffer the consequences of your impatient quest until you can bear it no longer. You put your friendly and enchanting face forward in a non-aggressive manner and you would much rather make peace with people in an agreeable way which is your approach to win people over to your side.

Zodiac Signs on the Other House Cusps

The zodiac signs on the other house cusps affect your attitude to many areas of your life, and have a significant impact on what kinds of opportunities and challenges will present themselves in the coming year.

Aquarius on 2nd cusp:

Aquarius on the second house indicates you are impersonal about money and possessions, and material possessions never have control over your life. You are likely to have careers that support bohemian, creative and even original in your methods of making money. Because this position is rather unstable to begin with, you may make your money from rather unusual sources, perhaps free lancing rather than working a nine to five job for the establishment. Uranus the ruler of Aquarius suggests a career in electronics, new age, computers, technology or science in some way. You are unafraid to take risks in your spending which can result in some losses, and some gains. Look to the house that contains Uranus to see where your money can be made.

Pisces on 3rd cusp:

With Pisces on the third house of communication and learning, you have a natural curiosity about what others have to say to you. Be careful of trying to take intellectual thought and trying to integrate it intuitively, as it can get lost in the translation. Remembering details will be difficult for you, and you will more than likely be very private and secretive about your thoughts and ideas. You will not be known as a person who confides in very many, and may prefer being somewhat alone in your solitude. You possess a great creative ability which can be used constructively for writing or speaking. Look to the house where Neptune is located to find where your interests can be found.

Aries on 4th cusp:

With Aries on the fourth house of home, family, roots, real estate, property and security, you will be very aggressive in attitude to the above matters. You will be very actively involved in every aspect of daily life with quarrels, arguments, disagreements and hand to hand combat is part of the picture, especially if anyone disagrees with you. I would say not to force issues, but that would start arguments as well, so I will stay out of it and let you learn the hard way. Look to the house where Mars is located to see where your home security can be found.

Taurus on 5th cusp:

You have Taurus on the fifth house of Children, recreation, romance, creativity, artistic abilities, hobbies, writing books (creatively), speculation and investments. Love, life and the pursuit of happiness is your forte, and romance and affection is extremely necessary. Taurus here can be kind of a tyrant when it comes to behavior in public, for your spouse, lover or children. One positive side of this energy is spoiling others, and interests in the arts or artistic talents is highlighted. Don't be afraid to express yourselves creatively, or with people in your family. Look to the house where Venus is located to see where you might find your recreation and romance potential.

Gemini on 6th cusp:

You have Gemini on the cusp of the sixth house of Work, Work environment, responsibilities, health, work and service for others, relationships with employees and co-workers, and your interest in physical fitness. Working on a great deal of different jobs, probably two at a time is great because of the duality of Gemini located here. You should not have any problem comprehending the complexities of the work before you, as Gemini is an intellectual sign, but you are likely to get very wrapped up in your lives excluding everyone else. Make sure your work allows plenty of freedom because you get bored easily and hate repetitive work. Any fields relating to research, finances, business or science would be excellent for you to investigate. Nervous tension is a problem with this placement, so you may need some space from others or some physical exercise to sooth this energy. Look to the house where Mercury is located to see where you might find work or service to others.

Cancer on 7th cusp:

Relationships, partnerships, marriage, people you have close associations with, cooperation or lack of, contracts, and legal matters are all part of the seventh house, with Cancer located here. You will have a very strong emotional attachments now, very much dependent on others for support. There is a great deal of emotional vulnerability however, and you must nurture and care for others even when you become overly moody and sensitive. You will mother and care others, sensing what others need. Relationships will be deeply fulfilling for you, and you will be very loyal and dedicated to others. Look to the house that contains the Moon to see how you will deal with partnerships.

Leo on 8th cusp:

The eighth house deals with joint resources. Possessions that are not earned directly by you, but obtained through the relationship, wills, or pensions. It also has to do with money belonging to others such as taxes, corporate money, insurance, and the stock market. The eighth house also relates to the mysteries of life and sex. Leo will have an influence on the above matters by bringing a creative element, and the challenge of a game into whatever you invest in, or how you spend your physical time. Leo is a generous sign, but who will control the purse strings here, you or someone else? Look to see which house the Sun is located in, to see where your joint money can be found.

Virgo on 9th cusp:

The ninth house is the house of long range goals and long distance travel. Religion, philosophy and higher education are ninth house matters. With Virgo ruling the ninth house, you will be practical, fixed in thought and insistent that your knowledge about any of the above matters is the only right one to follow, being very closed minded. When coming to any conclusions, you will carefully research every bit of information available, and form your opinions from all data available. There is no pushing the envelope where legal matters are concerned, the law is interpreted as the law to the letter. Look to the house where Mercury is located to see where your interests in higher aspirations can be found.

Scorpio on 11th cusp:

The eleventh house has domain over achievement of goals and objectives, and hopes and wishes. Humanitarian efforts, clubs, groups, associations, sharing ideals are also associated with the eleventh house. People that support your efforts, friends and connections to the outside world can be found in this house. With Scorpio located in the eleventh house, the focus turns to developing close and intense relationships with friends who are very powerful and influential. The group of friends you associate with will not be many, and social affairs are held to a select few. People who are wishy washy will not be found in your vicinity, and you must be more cautious in avoiding people who play games, are unreliable or try to manipulate. Look to the house where Pluto is located to see where you might find your friends,

associations and group involvements and interests.

Sagittarius on 12th cusp:

The twelfth house rules the subconscious mind, problems arising from unseen causes, and limitations in our lives. This house has rulership over behind the scenes activities, emotional problems, secrets, deceptions, problems to overcome, the side of ourselves away from public view, where the soul can step back and take a look at the world around us. The twelfth house also has rulership over prisons, hospitals, and other institutions that would remove you from society. Sagittarius energy on the twelfth house indicates that a lot of planning goes on behind the scenes, and you can figure out in great detail a plan of attack without others knowing what is going on. Spiritual, religious and mystical beliefs are secretive in nature, and you will keep them to yourself. Look to the house where Jupiter is located to find that area in which you retire from public view.

The Sun

The placement of the Sun in the solar return chart is very important and affects almost every area of your life!

Sun in 8th house:

The Solar Sun is now in your 8th house. But what does the position of the Solar Sun mean to you and how will it affect your life this year? The Sun indicates where the greatest growth will take place during the Solar Year and how it can express itself through creative means, success and recognition in life, or where it can be best identified.

Involvement in business, joint finances, taxes, insurance, wills or goods of the deceased, behavior patterns, heavy changes or something in your life that comes to an end are areas you will be dealing with in one way or another. Expect something in your life to end this year like the mighty Phoenix that dies and is reborn out of the ashes. Changes instituted now will come with the influences that only a "Scorpio-8th house energy" can bring. Your financial status will have you concerned, perhaps more than normal. Look at the aspects to the Solar Sun this year to see what you can accomplish.

Sun sextile Moon:

The creative juices are flowing this year! What can you use that creativity on? Let your mind go free and experience something perhaps for the first time.

Don't be so easygoing this year that people take advantage of you unless you want them to, that is the only real danger this here. Romance and Real Estate matters are also favored.

Satisfaction with working conditions allows a better product to be produced and a more traditional type of entertainment will prove more satisfying to you in your off time.

Sun sesquiquadrate Pluto:

Don't get caught up in statements that breed misunderstandings and out and out quarrels, because that

will be easy to do this year. Major problems can arise in your dealings with others. Coping with contradictory feelings is a necessary evil this year and stay away from those people who try to pressure you into doing something.

Overdue penalties are impossible to escape and can be called due at this time. Things that come to pass this year can seem inevitable and disturbing. Avoid fanatical people and protect your valuables against loss Encounters involving power struggles arise.

Relationships can be terminated if they aren't going well, or fail the test of endurance. Avoid being overbearing in your dealings with others. Tension can also arrive in your life to be dealt with.

Don't try to dominate or remake others, because people just won't take it as well as other times. Problems will be noted in joint finances, insurance claims or policies, taxes and business. There is a very strong sexual energy present. Do something creative with it.

The Moon

The placement of the Moon in the solar return chart affects emotions, moods, domestic affairs and relationships with women during the coming year.

Solar Return Moon in 6th house:

The Solar Moon is now in your 6th house. The Solar Moon rules your emotional needs and the specific houses show where your needs will lie and be met for the next 12 months. The Moon shows where significant changes will take place during the year, and where relationships are formed.

The sixth house is the house of work and cannot express the emotional side of our nature, and feelings will get put on the side to accomplish the job at hand. The work place can become boring or tiring, thinking of places we would rather be or actually going there instead. Stress is associated with this placement because of circumstances surrounding coworkers or the boss. Health matters will be more of a concern and aches and pains can be exaggerated out of proportion. Not that they aren't real, but our senses are more acute. Remember, worrying about ailments can make you sick! Hobbies and cleaning is a productive way of handling this placement. If the Solar Moon makes any hard aspects while in the 6th house, there can be some confrontations with female co-workers, nervousness or ill health caused by emotional problems.

Moon semisquare Venus:

You are in the mood for loving this year, but don't ruin the moment by being possessive. There is a strong need to share your feelings with another and moodiness, overindulgence in food, drink and the finer luxuries in life are the only dangers.

Moon trine Node:

You may experience an increase in popularity this year, or find that dealing with the public becomes more prosperous. You may also have some insights into knowing the next step to take in any situation that arises. You may be working more closely with a woman, or numbers of people. Popularity, meeting

new people, happiness color this year.

Moon trine MC:

Meeting new women in your environment can have a very positive effect on you this year and success will be found dealing with the public. You have the ability to make changes in your life at this time, should you have the desire to do so.

Mercury

The placement of Mercury in the solar return chart affects communication, and your ability to learn and express yourself during the coming year.

Solar Return Mercury in 8th house:

Mercury is in your 8th house, and indicates areas of interests in your life this year, as well as health matters or where your thoughts are likely to be focused. Because Mercury "is" communication of every form, it shows where transactions, business deals, service to others, writing and communication will be focused.

The emphasis this year is on intellectual subjects requiring very deep thought, negotiations on finances, property and secret communications and mysterious studies and short trips are also highlighted. If Mercury makes a harsh aspect while in the 8th house, secret investigations may reveal something about you, or there may be someone investigating you. Financial plans may need to be re-evaluated as well.

Mercury Semisextile Venus:

This is a time of fortunate communications with others, both in person and long distance by phone. Communications are easy this year and will flow quite nicely. Mentally stimulating friends can be fun, and this is also a good time for a sincere chat about important issues as the mind and emotions are in sync. Use this year for making speeches to the public or attend a lecture.

This is an auspicious time for legal matters and marriage or studying any subject. This year favors advertising and business communications as well as short trips. Good news might be received about a loved one that can make you very happy.

Consider this a quiet and peaceful time in your life. Enjoy it, you never understanding when the inlaws or other oddities in life will be showing up. Opportunities for social activities and romantic interludes can also come up this year.

Mercury Semisextile Jupiter:

Chances are good for acquiring something of substantial value that puts a smile on your face this year. Always get expert professional opinions in all matters that are important to you. The power of positive thinking will see you through the toughest of times. Learn how to play the game of life instead of bucking the system!

Make pacts or agreements with others or sign documents because the time is right. Credit purchases can soar this year, just make sure you don't go overboard in your spending, putting you into further debt.

Communications and ideas will flow easily and the clairvoyant faculties are stimulated. A friendly attitude prevails, PHONE CALLS INCREASE, and letter writing is favored. SIGN CONTRACTS for favorable outcomes and take any form of test for assured success. Write down ideas when they come to you, no matter where you are because you may forget something very beneficial to you in the future. The force is definitely with you where words are concerned.

Mercury opposition Neptune:

Be somewhat skeptical if any offers that arrive this year seem too good to good to be true as confusion, lies and deceptions will be found in communications. Avoid dishonesty at all cost and stay away from dishonest people. You may notice that your nerves can be on edge so make sure you have all the facts before you engage your mouth.

Avoid any sort of contracts, as the fine print is not to your advantage. Delays in mail are to be expected, so if you are waiting for something, be patient. WATCH YOUR DRIVING to avoid any mishaps.

Ill health connected with drugs, medications or alcohol is possible, so be careful in their use as you are very susceptible to Negative effects from them, whether they are prescription or not.

Mercury trine Pluto:

This is a very Spiritually attuned time in which new insights can be gained into the world. Your thinking may be off in the edges of "outer space" somewhere this year, so wait until you come back to earth to make decisions. Recreational clubs and activities can flourish and the potential for writing or speaking to others is very favorable.

Be on the alert for positive trends in business and finance, you may be able to take advantage of it for your own personal use. The accuracy of interpretations and personal insights are profound. Paying attention to details can uncover some wonderful facets of your life, so practice positive thinking for mental stability. Your perceptions are right on target, so make sure to pay attention to your own little voice. Be flexible and willing to bend when dealing with others. You possess the ability to comfort others in their time of need.

Courage is abundant to face the future and any dealings and communications with other people is favored. You can act as a mediator for people experiencing conflicts, or go over your personal finances and make the necessary changes. Advise and council others if you are asked.

Mercury Sesquiquadrate Asc.:

Problems in communication can arise this year and disagreements in partnerships whether business, marriage or with the public in general will be in evidence. Every time you try to say something intelligent, it will come out garbled and misunderstood, as people will stand there with strange looks on their faces trying to figure out what the heck you are talking about. Your judgment in all matters will be incorrect and even if you have all of the facts before you when forming an opinion, it will be the wrong decision. Printed material, letters or books can be the source of disagreement with family, or partners.

Agreements will not be reached in business arrangements or in business matters. Communication that

arrives is unfavorable for what you are looking for to come to a successful conclusion.

Misunderstandings will be very easy to find, so double check what you say preferably before you say it. Go out of your way to make sure that others understand you. Transportation difficulties can easily arise just when you are late for work or on time for work.

Mercury SemiSquare MC:

Disagreements are likely with others in your environment, so make decisions and stick to them. Things can easily get blown out of proportion so keep the issues in focus. This is a difficult year for people to meddle in your affairs, gossiping, health, dealing with the public or matters on the job. Your home and life are out of sync with each other.

Venus

The placement of Venus in the solar return chart affects romance and friendship over the coming year.

Solar Return Venus in 7th house:

Venus is in your 7th house this year. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on. Venus shows where you are likely to find compatibility with love or money, or where favors can be found from others.

A favorable year for marriage, affection, new love relationships with commitment, close friendships, business, feeling attractive and dealings with women. Social life picks up again and expressions of affection come very easily. If you are looking for a wedding day, try to find one that takes place during this year. If Venus makes a harsh aspect while in the 7th house, relationships will be taken for granted or spend too much time in social surroundings.

Venus square Mars:

There is no excusing abuse in relationships in any form and this year can promote just that. Romantic quarrels are apt to be hot and heavy if you let them get out of hand. Problems in social areas and business are likely to arise, so watch those not so nice remarks as they can cut like a knife. Avoid any purchases of extravagant items, as they may have to be returned for one reason or another. Control your emotions and your feelings, don't let them get out of control. Bad news can arrive in financial ventures, and applications for credit, services or products denied.

Opposing views regarding confidential data causes separations. The battle of the sexes continues in high gear and jealousy can rear its ugly head demanding to be heard. Sexual needs become accented and sexual incompatibility or aggressiveness are also indicated. Selfish attitudes can arise and financial extravagances can leave you broke, so try to tone down spending. Items bought at the store may have to be returned with defects, especially electrical/mechanical. Be precise in all things you do to avoid the mistakes that can easily occur.

Venus conjunction Jupiter:

This is an excellent influence for music, artistic endeavors or a romantic evening. Schedules will move along quite well this year and spending sprees can be a source of joy. Last minute rescues from touchy situations can occur and you may find that lady luck has some surprises in store for you.

Good feelings surround you, let them spill onto others. This is a natural position for love, money, friends and experiences when the power of magnetism is yours. Traveling for pleasure will be most rewarding and you may meet someone very exciting on this trip in the romance department and this person may be quite different from yourself.

Venus Quincunx Pluto:

Cutting back on fixed expenses can be difficult this year as heavy demands will be made on resources. Extramarital affairs can cause unexpected problems and intense sexual energy that must find a positive outlet. Do not make any permanent commitments, and make sure that you review all projects that you are working on very carefully to avoid errors.

Circumstances out of your control can be the means to an end of relationships and here can be sexual incompatibility. Don't mix business with romance now and remember that relatives by marriage may be a pain in the butt. This is probably a good time to remain near home, and remember to avoid crash diets that won't work.

Mars

The placement of Mars in the solar return chart affects your drive, ambition, and vitality during the coming year.

Solar Return Mars in 10th house:

Mars is in your 10th house this year. Mars is the planet of intense activity and the house it occupies by placement shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy. Mars also indicates where new ventures or projects can begin, where you will be highly motivated, where you can expect to be much more competitive, but also quarrels if aspected poorly.

This is the year to be your own boss or authority but be aware that parents, employers, bosses or government interference can stop your efforts if harshly aspected. You are anxious to be a somebody now and admiration and recognition can feed the flames of this fiery planet. Conflicts can be encountered with coworkers. New careers can be started because of your aggressive nature, but if Mars makes any difficult aspects while in the 10th house, you can adopt a demanding attitude in the career environment or cause conflicts to arise in business, career or profession.

Mars conjunction Saturn:

You will find that people will blow "hot and cold" in their attitudes this year, perhaps at the same time and physical or emotional complications can upset your life. Conflicts can easily breed tension in everyone around you.

Commitments can be made now to others now, but be careful not to dominate others or let others dominate you under this year. Learn to be still listen to others, for therein lies the greatest gift of this planetary combination. Try to be considerate of others, especially the elderly or those in authority over you. Conflicts and possible arrest are extremes here and if you go overboard with your attitude now it's possible.

Mars Quincunx Uranus:

You will find that projects you are working on or activities STOP temporarily and your health may not be at its best. Have you been overdoing it physically? An illness is a strong possibility now, arriving quite suddenly to remind us that we are human and we need a break

Explosive situations can easily get out of control this year, and changes will seem to be imposed on you rather than chosen. Be aware that freak accidents are very possible.

An influence of this energy is one of being enveloped in a cloud of constant negativity and you may find yourself just trying to get a break from yourself. Money becomes nonexistent, but like all things there is a positive side. It forces you to finish tasks that you have been working on and bring them to a successful conclusion. Once this year ends, then everything goes back to normal, whatever normal is.

Expect nervous tension and an irritable nature to be your friend for now, so spend some time by yourself and avoid getting into tiffs with close friends and associates.

You will be very erratic in your actions for no apparent reason. Avoid working on or near electrical equipment, wiring, appliances, machinery, sharp tools, fireworks or automobiles until after this year passes. Do not give into the peer pressure that dares you to do something out of the ordinary. If this situation does arise, you might want to consider new friends. Your behavior might cause separations or permanent breakups of relationships, friends and family.

Mars sextile Pluto:

Encounters open a wider circle of colleagues to you this year and renewed commitments of love can be undertaken. Insights into love can occur that are quite profound and strong attractions to the opposite sex will be felt. Marital relations can find their beginning now, and if at all possible, give flowers to someone special. True love can be found somewhere close by you, and remember that "Love will conquer all" is the theme of this influence. Those of sad heart will be much happier than in the past this year.

Thus is a time of sexual stimulation which should be quite exciting and there will be a greater tolerance for others and is a virtue which should be exercised at every opportunity. Your social life will pick up and you may have the urge to invite people over for a party. Secret loves can easily develop and existing relationships will rise to a higher level of understanding.

Jupiter

Solar Return Jupiter in 7th house:

Jupiter is in your 7th house this year. Jupiter tends to expand your efforts and brings good fortune and positive change to the house it occupies. Jupiter shows where favor will be found from others, education, spiritual matters, learning and teaching.

The formation of partnerships both business and marriage is favored. This is a good year for consulting doctors, lawyers, consultants and counselors. Favorable outcomes to court cases can arrive now and intimate relationships will prosper. This placement favors artists, lecturers, teachers and public relations. You decide to may marry someone older, with a completely different background than yours, or from a different country than yours. If Jupiter is in difficult aspect while in the 7th house, then relationships or partnerships can be taken for granted.

Jupiter Quincunx Neptune:

Relationships can become very confusing this year! Avoid any risks in business and any travel over water should be avoided. If you put your ideas into play under this influence there will be disappointments, but then again disappointments will probably show up even if you do nothing at all.

The concentration needed for any application will not be with you, as there is too much confusion in the air. Relationships that have been suffering can separate or divorce completely, and abuses in drinking and drugs is high, so please be careful. You may experience emotional dependencies on other people as well.

You can easily be swindled by someone this year and it will be very easy to overextend your credit cards. Another influence is swindling or being swindled by others, then again you may find yourself being manipulated by others. Do not get involved in any get rich schemes while you are under these effects or get involved with any cult groups. Your thinking mechanisms aren't in place.

Saturn

The placement of Saturn in the solar return chart determines where you will encounter obstacles, difficult lessons, and where discipline will be needed in your life during the coming year.

Solar Return Saturn in 10th house:

Saturn is in your 10th house this year. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life. Saturn brings with it obligation, commitment, responsibility and a more serious demeanor. An increase in work, self control and discipline, as well as disappointment and delays, matters from the past returning, people in authority or government agencies.

If you have always wanted to be a leader somehow, this year is an auspicious time to take charge but remember it can also be a time for disasters. Sudden changes should be expected in status and reputation and promotions and recognition as well as increased responsibilities can occur. You will be working with older people, groups or business contacts rather than new age types. If Saturn makes a difficult aspect

while in the 10th house, then difficulties with authority figures, governmental agencies, parents and employers can be encountered.

Saturn Quincunx Uranus:

There will be an inability to hear the opinions of other people and you may act in a rude manner because of your extreme restlessness. Delays that you experience this year are caused by circumstances that you cannot control and there will be frustrations with people whose ideas or viewpoints differ from yours, or you will notice that friends who are normally reliable will become somewhat indifferent and you will be aware of odd reactions to your current circumstances.

Relationships that are strong will pass the test before it now, however relationships that are experiencing problems will either undergo change, or end.

Heavy obligations will be imposed on you now and tensions can cause an explosive nature. The urge for freedom will not only rock your boat, but unnerve those around you whether on the domestic or career levels. Reversals of fortune is also possible with this influence.

This is not a favorable time to be involved with any groups or organizations and difficulties will be found in money, legal matters, taxes, insurance and wills. In health matters the teeth may need some attention as sudden eruptions can occur.

Uranus, Neptune and Pluto

The placement of the 3 outer planets in the solar return chart indicates areas in your life that are likely to take surprising twists and turns, where idealism and illusion may enter your life, or where compulsive or extreme situations may arise in your life during the coming year.

Solar Return Uranus in 3rd house:

Uranus is in your 3rd house this year. Uranus is the planet that causes us to make changes of the sudden and electric kind in our lives with very little regard as to whether we want to or not. Where matters are apt to be unpredictable, where we separate ourselves from our environment as well as attractions to the new and untried. Original ideas, awakening to new concepts and unconventional behavior highlight Uranus in the houses.

Life will pick up to a very quick pace this year and driving should be done with the greatest of care. Unexpected and surprising events involving relatives, education, communications, neighbors and travel and the mind will race with ideas. If Uranus makes a difficult aspect while in the 3rd house, the manner in which you drive should be more cautious, nervous tension is evident, you become very restless and impractical and communications can come in very unexpectedly.

Uranus square Pluto:

There will be a great need for freedom this year and you will find relating to people very difficult. Be careful of manipulating people because there will be a very deep seated need to change the lifestyles of others. Old hang ups and ways of life will end and new ones can begin. Rapid and unforeseen changes

and events can occur that wipe out old conditions. Friendships and group associations are greatly altered or end altogether.

Why go with the flow when you can resist and make yourself as well as everyone else miserable? A time of stress and turmoil has arrived, along with a desire to overthrow everything you have been doing. Remember that all of this rebellion and change can bring accidents, so don't overthrow yourself at the same time.

This is a difficult time for taxes, finances, alimony, money and inheritances.

Uranus opposition Node:

STRESS has entered your life this year, so use any means to get rid of it before it gets the best of you. You will not appreciate any sexual advances made towards you this year and any assistance that is offered by others will be refused.

You may find that during this time matters of sexuality become less important to you and matters of pure intimacy without being sexually active become more important and necessary. You can also find that people can come to you for consolation and you can do so without the threat of sexual advancement on your part coming into play, instead enjoying people for their company.

Upsetting circumstances arrive in group and individual relationships and freedom will cause setbacks. Pig headedness is a negative use of this energy and arguments are a positive outlet for this energy because it gets everything out on the open.

Solar Return Neptune in 2nd house:

Neptune is in your 2nd house this year. Neptune is the Grand Master of illusion, deception, imagination and inspiration, perhaps all at the same time. Psychic and intuitive aspects can emerge from our personalities either consciously or subconsciously and new concepts that are somewhat poetic, compassionate and humanitarian can easily arise. As long as we remain realistic in our approach to life, we shouldn't encounter too many lessons though. Expect Neptune to put you through many changes of perceptions and your views or reality will be altered several times as well. Neptune is where you are vulnerable, gullible, and where mis-information, false hopes but spiritual enlightenment can be found.

Avoid any ventures that involve any sort of risks this year, as your income and possessions have a way of fading away. Physical items and income can disappear now, so try to adopt a more spiritual attitude. If Neptune makes a difficult aspect while in the 2nd house, deceptions in money matters, you will be very impractical with money, you can be taken advantage of by con men and there will be no discipline available to handle money matters.

Neptune Sesquiquadrate Node:

There will be a strong urge to retreat from people who require your help and an avoidance of people that you do not want to meet. If you are experiencing times of difficulty, you will find the need to shun contact with others, if only to avoid a confrontation.

Tension, bad luck and disappointments can arrive in your life this year, but do not fear, because it will soon be gone!

Neptune SemiSquare Asc.:

Partners can easily deceive partners this year, so rely more on your intuition about others. You will find others fudging the truth in a very convincing way and there will be an increased craving for stimulants like drugs, alcohol or caffeine.

Be careful in consulting others for advice as well, as they may not have your interests at heart. Information received may be untrue from doctors, lawyers and counselors as they may conceal matters from you.

Once you can unmask the illusion that surrounds your relationship and you can recognize it for what it really is you can avoid a deceptive and unsatisfactory experience. Do not enter into any marriage or business commitments because they are not what they "seem" to be. Unfortunately there should be a sign on you that says "please use me, I can use the abuse!"

You are way too trusting, easily influenced and setting yourself up for financial and business losses. People who are emotionally or mentally troubled will find you like a radio antenna set to your frequency who will "dump" all of their troubles on you. Let your imagination be just that this year and put no importance on it. Perhaps what this year is showing you is yourself in a past life and what you have done to others. This year it is your turn and you have the same vulnerability they did.

Neptune Sesquiquadrate MC:

Confusion in life direction can easily occur this year. You may be feeling somewhat inadequate in some area of your life. It will be very difficult to see what other people want from you in relationships.

A negative side to this influence is using underhanded methods in getting what you want. If you haven't learned it yet, these actions always backfire and come back to haunt you. Those wrong doings that you do or contemplate are in danger of being exposed.

Being deceived or deceiving others is another side effect of this influence and deceptions always blow up in your face! The profession becomes more important to you, to the detriment of domestic responsibilities.

Unpleasant childhood memories can come back to haunt you this year, so deal with them instead of letting them run your life. You may experience some gas, water or oil leaks somewhere in the home or just in general.

Solar Return Pluto in 12th house:

Pluto is in your 12th house this year. Pluto is the master of digging down beneath the surface of who you are and bring some very powerful yet subtle changes into your life. Pluto is where your OBSESSIONS can be found this year, where your personal "power" can be found, major changes in life, and changes in life with regard to groups of people.

Be careful of being manipulated by matters that are hidden, hidden enemies, self delusions or the use of power for your own undoing. If Pluto makes a difficult aspect while in the 12th house, then there can be secret love involvements or suffer from the underhanded methods of secret enemies.
